SWOC Analysis of the College and Future Plans

STRENGTHS:

Maharana Pratap Govt. P.G. College Hardoi is situated at Sitapur bypass road 3 km distance from district headquarter. The college is affiliated to C.S. J.M. University Kanpur. It is registered under 2f and 12b with University Grant Commission. It is the only institute between Shahjahanpur and Lucknow imparting quality education in Science, Commerce and Teacher's Education. The college has a good number of well qualified staff, selected by the U.P. Public Service Commission. The 3 faculties – Science, Commerce and Teacher Education are fully functional with a total of 7 department under them. At the college spacious classroom and labs, green and clean campus with polythene and tobacco free zone.

To develop higher degree of perseverance among the students to achieve their future target in life. At the infrastructural front the college now has separate faculty blocs, its website and Principal residence and two staff quarter for non-teaching staff. Rovers-Rangers NCC and NSS unit are doing well in social area

WEAKNESSES :

Less number of faculty to cater to the need to present strength of students. Less number of Lab assistants and attendants. Demand to start new courses like M.Ed. and Ph.D. in the college as the students of this area have to go to other colleges and University. No Hostel facility for boys and girls as the students come from far flung areas. Need of collaborative research with institution of repute

OPPORTUNITIES:

The college provides a great opportunity for imparting P.G. education to rural area's students. It fulfills the idea of the U.P. government of increasing the reach of higher education to the students of rural areas and the socially and economically backward classes. Greater focus on improving communicative skills to improve the student's academic performance. Improving the college ground properly for excellence in sports and game at state level. To upgrade educational infrastructure using latest information and communication technology.

CHALLENGES:

To motivate the faculty and staff for changes and progressive paradigms in Higher Education. Coping with rapid changes in technology and industrial requirements to improve the employability of the students. Socially and economically backward students with low aptitude in language and communicative skills. Requirement of full digitalization of college campus and library to achieve paper less campus. We feel the lack of staff quarters and hostels. The C.S.J.M. University Kanpur with which our college is affiliated is situated far off, so matter requiring work a challenge, and take long to get resolved. The college comes under the control of the U.P. Government in administrative matters, and under the University, for matters of curriculum and examination. Due to which there is very little scope for freehand decision making. Therefore we are trying to do our best under limiting circumstances, itself is a challenging task.
